

SUPPORTING CHILDREN WITH  
**AUTISM**  
THROUGH THEIR DAY

### Continuing Education Information:

All four webinars will offer CE credits through the Early Intervention Training Program (EITP) at the University of Illinois for providers in Illinois.

The following states have agreed to recognize the CE credits offered through the Early Intervention Training Program (EITP) at the University of Illinois:

- Arizona
- Georgia
- Indiana
- Kansas
- North Carolina
- Texas
- Virginia
- Service coordinators in Washington

### Attention BCBAs:

Each of the four webinars will offer one and a half (1.5) BACB CE credits during the **LIVE** webinar event only!

The Military Families Learning Network, Early Intervention team is producing a four-part webinar series for 2019 that will focus on supporting young children with autism and their families. This webinar series will take you through important steps in the lives of families of children with autism and related disorders. These free webinars are easy to join and offer continuing education credits for early intervention and Board Certified Behavior Analysts.

### What Do We Know: Autism Screening, Diagnosis, and Supporting Young Children & Families APRIL 10, 2019, 11:00 AM - 12:30 PM EASTERN

Dr. Hedda Meadan will lead us through the process of diagnosing autism. The prevalence of autism, early signs, and the screening and diagnosis process will also be covered. In addition, Dr. Meadan will discuss strategies for supporting families during this time.

### Yuck! I Don't Eat That! Nutrition & Selective Eating in Young Children with Autism JUNE 12, 2019, 11:00 AM - 12:30 PM EASTERN

In this webinar, Dr. Jamie Pearson and Dr. Meadan will discuss common challenges families of children with autism face related to diet, nutrition, and selective eating. Drs. Pearson and Meadan will talk about the effects of dietary preferences and limitations. They will also share strategies for helping children eat a more balanced, nutritious diet.

### Stepping Out: Family Outings with Young Children with Autism OCTOBER 16, 2019, 11:00 AM - 12:30 PM EASTERN

Dr. Katie Wolfe and Dr. Meadan will provide strategies professionals can use to support families who experience challenges during outings. The presenters will share information about safety and social concerns related to outings with children with autism. In addition, Drs. Wolfe and Meadan will promote building a family's confidence to support their children.

### Welcome to the Group: Inclusion for Young Children with Autism DECEMBER 04, 2019, 11:00 AM - 12:30 PM EASTERN

Learn how young children with autism can be included in preschool and childcare programs in this session with Dr. Mandy Rispoli and Dr. Meadan. What inclusion is and its benefits will be discussed. Drs. Rispoli and Meadan will provide information about environmental modifications that may help children with autism in group settings.
