Guided Discussion Questions

The MFLN Early Intervention team seeks to provide practitioners with resources that support the important work they do with military families. These guided discussion questions are designed to be used with children from ages 3-6 at home or in preschool settings. These questions can be used with children who have a loved one in the military or children who want to gain a better understanding of military life.

Andy and His Yellow Frisbee by Mary Thompson

1. Andy likes to keep to himself. Are there times that you want to be alone and keep to yourself? Tell me about them.
2. When Andy gets upset, he shut his eyes, wraps his arms around his head, and screams. What do you do when you get upset?
3. We are all unique and different. How do you treat someone who is different than you?
4. In the book, Andy is really good at spinning things. What are your special talents?
5. Trying new things can be scary. In the book, Sarah is new to school and keeps her teddy bear in her backpack to help her feel comfortable and safe. What do you do to help you feel comfortable or safe?
6. In the book, Andy has trouble using words to share how he feels. Have you ever tried to tell someone how you felt, and they did not understand you? Tell me about it.
