Women play a pivotal role in military operations, and their experiences and responses may differ from their male counterparts. This webinar looks at how mental health manifests differently for women, in particular women in the military.

The first webinar in this series, Women in the Military: Special Contributions and Unique Challenges, was recorded and is available for viewing.

**WARRIOR WELLNESS: MENTAL HEALTH AND WOMEN IN THE U.S. MILITARY**

Women play a pivotal role in military operations, and their experiences and responses may differ from their male counterparts. This webinar looks at how mental health manifests differently for women, in particular women in the military.

The first webinar in this series, Women in the Military: Special Contributions and Unique Challenges, was recorded and is available for viewing.

**PRESENTER**

Mary Mattson, LICSW, has worked as the Director of Psychological Health at the 133 Airlift Wing, Minnesota Air National Guard, in Saint Paul, Minnesota for the past 8 years. She also serves as the Wing’s coordinator for the Suicide Prevention Program. Ms. Mattson’s clinical interests and past professional experiences include working with adults and teens experiencing anxiety, depression, eating disorders, PTSD and trauma, Interpersonal Violence/Intimate Partner Violence (IPV), and behavioral health work with military and First Responders.

**CONTINUING EDUCATION CREDIT**
