

Sexual Behavior in Children and Youth

Problematic Sexual Behavior: The Importance of a Multidisciplinary Evidence-Based Approach

November 3, 2020 | 11:00 AM - 12:30 PM ET

This webinar is focused on increasing the knowledge base of all multidisciplinary team members on problematic sexual behavior. The National Center on Sexual Behavior of Youth (NCSBY) defines children with problematic sexual behavior (PSB) as youth ages 12 and younger who engage in behaviors involving sexual body parts that are developmentally inappropriate and/or potentially harmful to self and others (Carpentier, Silovsky, Chaffin, 2005). Focus will be placed on disseminating information regarding the continuum of sexual behaviors, dispelling myths about children with problematic sexual behavior, and instilling hope in treating this population.

Presenters:

Amanda Mitten, M.A., Licensed Professional Counselor at the University of Oklahoma Health Sciences Center, Center on Child Abuse and Neglect

Dionna Weixel, M.S., Licensed Marriage and Family Therapist at the University of Oklahoma Health Sciences Center, Center on Child Abuse and Neglect
